SUMMARY

Software Engineer with hands-on experience in full stack development using the MERN stack (MongoDB, Express.js, React, Node.js). Skilled in building responsive, dynamic web applications, integrating APIs, and deploying projects using Docker. Eager to learn new technologies and explore areas like Web3 and Generative AI to develop innovative and future-ready applications.

EDUCATION

Chandigarh University <i>B.E. in Computer Science Engineering (AI & ML - IBM)</i>	Punjab, India 2022 – 2026
DAV Public School <i>Intermediate, CBSE</i>	Panchkula, Haryana 2020 – 2022
DAV Public School <i>Matriculation, CBSE</i>	Panchkula, Haryana 2019 – 2020

EXPERIENCE

- CorpValet** – *React, Stripe, Web3Forms, Express, Material UI, JavaScript* [Link]
– Worked as a freelancer to develop a business launch support website using Vite, React, Corus, Express, and Material UI. Integrated Web3Form API for secure form handling and Stripe for seamless payments.
- LifeVista** – *HTML, CSS, WordPress* [Link]
– Worked as a freelancer to build an e-commerce platform for pool products in Vietnam using WordPress CMS with custom UI using HTML and CSS.
- NatZest** – *HTML, CSS, WordPress, reCAPTCHA* [Link]
– Worked as a freelancer to develop and secure a support services site using WordPress, enhanced forms with Google reCAPTCHA, and used custom HTML/CSS for styling.

PROJECTS

- Vanikriti** – *React, Firebase, Express, GIS, Tailwind, Next.js* [Link]
– Environmental sustainability project built during a hackathon using React, Firebase, Node.js, Express, and GIS-based visualization with Google Maps API.
- Museum Ticket ChatBot** – *HTML, CSS, JavaScript* [Link]
– Developed a front-end for museum ticket booking with chatbot integration during a hackathon, improving accessibility.
- ZTech** – *HTML, CSS, JavaScript* [Link]
– Developed a user interface during a hackathon to demonstrate smart stethoscope usage and manage user data. The project focused solely on UI design using HTML, CSS, and JavaScript

CERTIFICATIONS

Introduction to Generative AI for Data Analysis – <i>Coursera, Microsoft</i>	[Link]
OCI Generative AI Certified Professional – <i>Oracle</i>	[Link]
Python Data Structures – <i>Coursera, Univ. of Michigan</i>	[Link]
Applied Machine Learning in Python – <i>Coursera, Univ. of Michigan</i>	[Link]
Using Python to Access Web Data – <i>Coursera, Univ. of Michigan</i>	[Link]

TECHNICAL SKILLS

Languages: Python, C/C++, JavaScript, HTML, CSS, Node.js
Web Frameworks: React, Express.js, Next.js, Tailwind CSS
Databases: MongoDB, Firebase
Tools: Docker, Git, Postman
